In general, Medical University of South Carolina (MUSC) students may not travel to Restricted Regions for academic, professional or other purposes unless they have petitioned and received an exception and approval through MUSC’s International Travel Oversight Committee (ITOC). Restricted Regions apply to countries that are either under a U.S. State Department travel warning or International SOS has rated a country as “High Risk” or “Extremely High Risk.” Please note that requesting an exception and submitting the appropriate documentation for ITOC’s review does not guarantee travel approval. The ITOC strongly recommends that no travel arrangements be made until the MUSC student has received the ITOC’s final written approval to travel to the designated Restricted Region.

The International SOS smartphone app can be downloaded at [http://www.internalsos.com/en/membership-app.htm](http://www.internalsos.com/en/membership-app.htm).
